*Please do not hesitate to ask our helpful staff for clarification.*

<sup>1</sup> GAP payment refers to the out-of-pocket cost to the patient, which is the difference between the practice's private consultation fee and your Medicare rebate. Please note patients without a valid Medicare card will have to pay the full private consultation fee

<sup>2</sup> Please ask reception for cosmetics prices for filler, botox and laser treatments

<sup>3</sup> Please note: There will also be rebate items charged once your histology results are back. You will receive majority of the cost of these items back from Medicare.
